Hi Jeannie,

I will facilitate, considering the nature of the meeting. Agendas look good.

I would like to have a brief discussion with you as soon as convenient, so that I can start putting my presentation together. I also want to be very clear about the anticipated outcome of the meeting. What time works for you this morning?

In the meantime, I will start putting a presentation together

- targeting 45 mins,
- using updated slides
- maintaining the 11 sites

Immediate questions:

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Thanks,

Bernward.

Hi Jeannie,

I am back; thank you for asking – it was good trip.

I have a call in to Amy and will get the latest update from her as well.

I will speak to you on Monday early morning (no problem – please ignore my email from yesterday afternoon about calling today), and reserved the day to get ready for the public meetings. Would 8:15am be a good time? In the meantime, I could use the agenda for the meeting, as well as the draft presentation that you mentioned at the end of your email below, as soon as convenient, so that I can get organized. I can also facilitate that meeting. Again, having the agenda soon would be good.

Thanks; I hope you have a great weekend as well.

Bernward

Hi Bernward,

Welcome back. I hope you enjoyed your trip.

I believe this week was very busy for me and both meetings have been rushed because we are still catching up for the delay in schedule that occurred in December –March by the other subcontractor.

Please check in with Amy, she and I have communicated frequently this week via email.

Ex. 5 - Deliberative Process

3) The Cooperating agency webinar went by quickly (Len was not on the call) but Amy was and it ended an hour early.

4) I did promise the cooperating agency folks that I would get the presentation to them before the meeting but I do not see how that is possible at this point.

5) Although we discussed going over the presentation tomorrow. I really cannot work on holidays, after hours or on weekends .. especially with sequestration .. I could get in trouble ..

Ex. 5 - Deliberative Process

8) the format for this meeting will be different since we are not requesting Official comments.. so I expect to finish the presentation and allow for discussion..

Ex. 5 - Deliberative Process

So, I will send you my draft presentation, which will include your presentation.. and we will have to discuss how this will work on Monday.

Thanks . have a nice weekend.

Hi Jeannie,

Did you set the exact times for the times for the...

1. Cooperating Agency meeting on the 18th (so that I can inform Len Warner and Amy Atamian)
2. Public Scoping Meetings (to inform the Stenographers and Nick Veraart).

Please advise. (I don't recall seeing it.)

Thanks,

Bernward.
